

MODEL T10277 HARDNESS TESTER FILE SET INSTRUCTIONS

Introduction

Congratulations on your purchase of the Model T10277 Hardness Tester File Set. This product provides an easy way to determine material hardness from 40-65 HRC (Rockwell C Hardness).

Specifications

File Length.....7"
File Diameter0.157"

Inventory

- A. File HRC 40..... 1
- B. File HRC 45..... 1
- C. File HRC 50..... 1
- D. File HRC 55..... 1
- E. File HRC 60..... 1
- F. File HRC 65..... 1
- G. Ballistic Nylon Carrying Case..... 1

Testing Hardness of Material

1. Starting with the highest number file 65 HRC, drag the tip of the file over the test material. If the file marks the material, the material is less than 65 HRC.
2. Repeat **Step 1** with the 60 HRC file.
 - If the file does not mark the material, the hardness of the material is between 60–65 HRC.
 - If the file does mark the material, repeat **Step 1** with progressively lower number files. The hardness of the material will be between the last number that marked it and the first number that did not.
