⚠WARNING

- Do not allow children or people to climb on the safe or it could tip over and cause serious personal injury.
- Close the drawers when not in use to avoid a tripping hazard.

NOTICE

Grizzly cannot replace lost or stolen keys. Please contact your local locksmith if this happens.

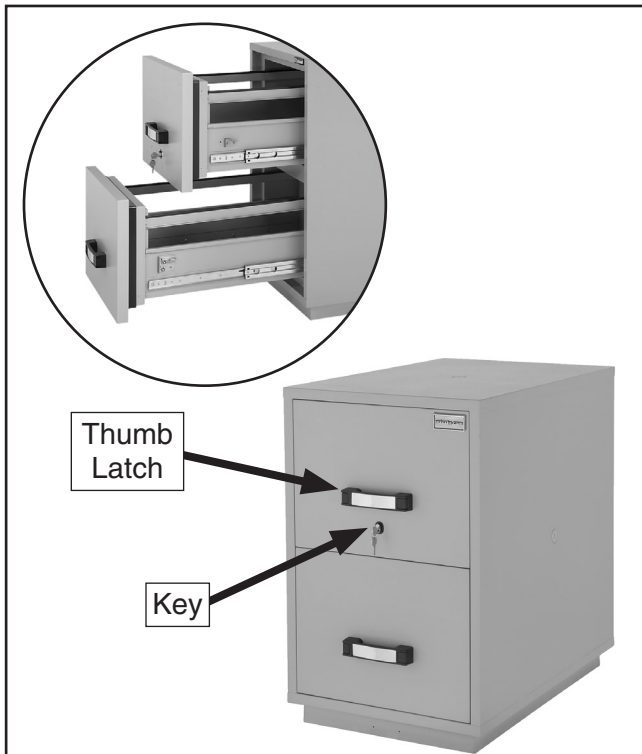

Figure 1. Model T21541 shown.

To use your file cabinet:

1. Insert the key into the top drawer key lock, then turn it clockwise until the key lock pops out.
2. Press the thumb latch on the left side of the top drawer pull and pull the drawer out.

Note: *The top drawer must be open to unlatch and open the lower drawers.*
4. When finished, close all drawers and remove the key.

Maintenance

Clean the surfaces of the file cabinet with a slightly damp cloth, then dry them thoroughly.

Use graphite or other dry lubricant on the drawer slides to keep them moving smoothly.

If you need help with your new safe, call our Tech Support at: (570) 546-9663.
