## Grizzly Industrial is Proud to Offer Aloris® Tool Posts & Tool Holders

Grizzly Industrial is very pleased to offer Aloris tool posts and tool holders. In 1946, Aloris revolutionized the metalworking industry with the first quick-change tool post. Since that time, their tool posts have been the industry "gold standard," known worldwide for accuracy and lasting quality.

### **HIGHLIGHTS (see next page for complete details and pricing)**

- Precision engineered for lasting repetitive accuracy and time-saving setups.
- Rugged construction means no chatter or vibration.
- Patented locking device eliminates tool post indexing (no more wasting time with shims).
- Installs quickly and easily on all lathe types for precision work or heavy-duty cutting.
- Proudly made in the USA!

# TOOL POSTS AND TOOL POST HOLDERS

ORDER ONLINE AT [grizzly.com](http://grizzly.com)

Aloris Tool Posts are well known for their lasting repetitive accuracy and time-saving setup. Rugged construction means there's no chatter or vibration. A patented locking device assembly and sliding tapered gib eliminates tool post indexing, so there's no indexing balls and shims, and there's no need to disturb the basic set-up. Match the Tool Posts to the lathe size.
