

D3124 OPTIONAL EXTENSION TABLE

INSTRUCTION SHEET

Important

- **READ** and understand your shaper Instruction Manual before using this extension table. Otherwise, serious personal injury may occur!
- Grizzly Industrial Inc. is not responsible for damage or injuries caused by improper installation or use of the Optional Extension Table.
- **DO NOT** modify this Optional Extension Table in any way to fit on a different brand of shaper, or modify it for a job that it is not designed for.
- **DO NOT** use the table edge as a fulcrum to pivot heavy lumber onto the table, as this may damage the table and laminate edge.
- **DO NOT** store the table in a damp or a very hot location. The table is made of wood and it may warp, delaminate, or catch fire.

REF PART # DESCRIPTION

1	PW02	FLAT WASHER $\frac{3}{8}$ "
2	PB18	HEX BOLT $\frac{3}{8}$ "-16 x 1"

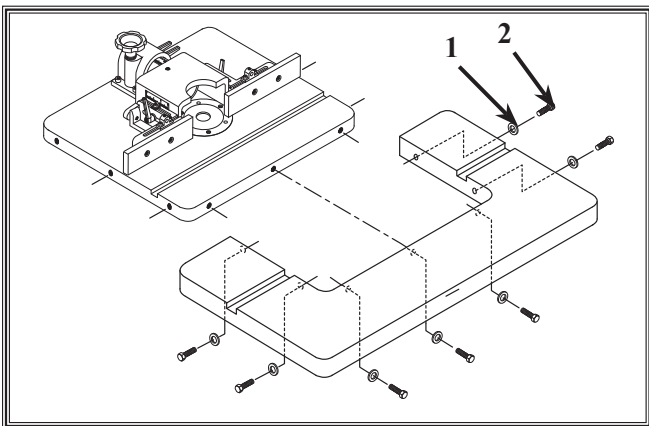

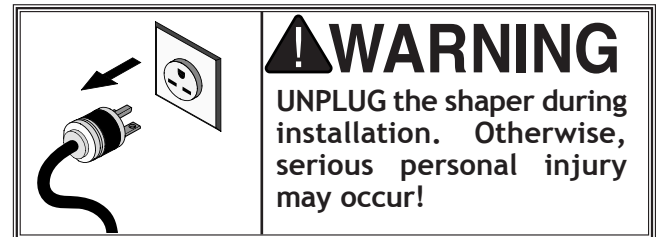

Figure 1. Extension table and mounting hardware.

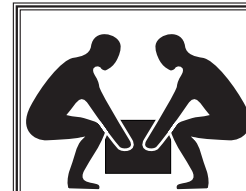

Introduction

Made with high-quality laminated wood in a reinforced design, this 23" deep x 40" wide extension table snugly fits the SHOP FOX® Model W1674 2 HP Shaper table. Covered with strong laminate, this economical and light-weight extension table will last many years. The miter slot is also slightly wider than that of the table for ease of miter alignment.

! WARNING

UNPLUG the shaper during installation. Otherwise, serious personal injury may occur!

! CAUTION

GET installation assistance to hold the extension table in position while you bolt it to the shaper table.

Installation

To install the extension table, do these steps:

1. Have an assistant hold the extension table in position so it mates flush with the shaper table.
2. Install seven $\frac{3}{8}$ " flat washers and seven $\frac{3}{8}$ "-16 x 1" bolts and tighten finger tight. See Figure 1.
3. Hold tables flush with one another and tighten the mounting bolts in an alternating pattern until snug.
