

# Model W1800 Spray Gun Holder Instruction Sheet

Phone #: (360) 734-3482 • Online Tech Support: tech-support@shopfox.biz • Web: www.shopfox.biz

## Introduction

Your new Model W1800 Spray Gun Holder (Figure 1) is designed to hold a spray gun and a paint filter.

## Inventory (Figure 1)

Qty

- |                                |   |
|--------------------------------|---|
| A. Spray Gun Holder Base ..... | 1 |
| B. Filter Holder.....          | 1 |

## WARNING

**FIRE HAZARD!** Mount the spray gun holder in a location away from potential ignition sources. Many paints and liquids are flammable. Ignoring this warning may lead to serious personal injury.

## Workbench Mounting

Attach the spray gun holder base to a workbench using two #12 tap screws (not included).

**Note:** Consider mounting the base to the front of a workbench with the rings facing out for convenience. This also ensures that a spray gun equipped with a pressure gauge or adapter will not hit the bench when mounted on the holder, as shown in Figure 2.

## Wall Mounting

Mount the spray gun holder base to a wall with drywall anchors or fasten it to a board attached to studs using #12 tap screws.

## Holder Assembly & Operation

1. Assemble the base and holder, then position the spray gun and filter (not included), as shown in Figure 2.
2. Pour paint into the filter; it should flow into the feed cup.
